Brea, CA 92821

Dear Ms. Dougherty:

Thank you for your contribution to *Math Day at the Beach* at California State University, Long Beach. The generosity of the Beckman Coulter Foundation enables students to benefit from enhanced educational opportunities, and it helps assure their future successes in the workforce and in the communities where they live.

At CSULB we take pride in offering all of our students a highly valued education and a university experience that helps them grow as outstanding leaders. We are committed to our community and we work to build partnerships with area professionals, government officials and volunteers. With your help, CSULB will contribute to the quality of life enjoyed in Southern California—and beyond—for generations to come.

On behalf of the students, faculty and staff of CSULB, President F. King Alexander and I thank you again for your support of and confidence in our programs. Your investment will help California State University, Long Beach sustain its legacy of scholarly opportunity and achievement.

Sincerely,

A handwritten signature in blue ink that reads "Andrea Taylor".
